

Litter Picking Team

Report by Lewis Bennett

I had noticed that there was quite a lot of litter around the school in the hedges and field. I thought it would be a good idea to set up a litter picking team. Not only does litter look untidy, it is a danger to animals and their habitats.

I asked my friend William Joyce to help set up the project and spoke to Mrs Hay for approval. Mrs Hay thought it was a really good idea.

In April 2016, a group of 8 volunteers collected litter from all around the school at lunchtime. It was a success and we planned to repeat this every 2 weeks.

If you like animals you would want to help. Animals die and suffocate from your litter And it helps the environment.

I designed a poster to present to all our helpers at assembly.
